

# DARSHAN ACADEMY

SUMMER HOLIDAY HOMEWORK 2021-2022

CLASS-III

Holidays are time when you can connect with your child in many ways. As parents are the first and most important teacher for a child, you can encourage your child to participate in many educational activities at home and promote your child's quest to learn. Working together will not only help your child to build, learn, and develop skills but also strengthen your bond with your child.

Note:

1. Learn all the work done in all subjects from books and notebooks.
2. Do each subject homework on A4 sheets, staple them subject wise, and bring in a decorative folder.

# ENGLISH

Q1. Read the following passage and answer the questions.

## Forests

Forests are parts of the world that have a lot of trees. Some forests are smaller than others, but a popular characteristic of all forest is to have lots of trees and vegetation, or plant life. In a forest, there are tons of different trees, plants, and animals. Animals in a forest range from different types of mammals, birds, and insects. One of the most popular types of forests is rain forests. Other types of forests are deciduous forests, taiga forests, and coniferous forests.

1. What does vegetation mean?

---

2. What kind of animals are in a forest?

---

3. Name two types of forests.

---

4. What is a popular character of all forests?

---
