# all about me!

A PICTURE OF  
MY FAMILY!

My name is

---

There are

--	--

People in my family.

I live with:

Mom

Dad

Sister

Brother

Grandma

Grandpa

## **Summer Ideas to enhance Your Child's Abilities**

Dear Parents

**As a healthy mind lives in a healthy body,** it is advisable to start your day early and set a routine even during summer vacation. In addition, you and your little one can spend some quality time playing or simply making normal conversation for strong bonding, and go cycling and swimming to remain fit and active. This kind of bonding enables you to explore your child's creativity and take care of your child's emotional, social, and physical needs.

**Story Time:** It would be in the interest of your child if you read books to your child, look at story books together, invite your child to talk about the story, and ask questions such as "What did you like about the story?" Who was your favourite character? How would you have reacted in this situation? What do you think happens next? Does the story remind you of something you have experienced, or of any another story you know? Reading to your child helps develop language skills.

**Creative Time:** It is desirable to keep a box of art materials for your child like play dough, colors, glue, child's scissors, colored paper, stickers, etc., and let your child enjoy creating pictures and artwork.

**Singing Songs:** It would be appreciable if you listen to rhymes and songs and sing together. Finger games and rhymes with action are fun to learn.

**Encourage practical life activities:** Involving your child in tying laces, buttoning a shirt, pouring water from a jug into a cup, etc., adds a new dimension to your child's life activities.

**Writing:** You may give your child an empty notebook/scrapbook, child's scissors, glue, pencils, old magazines, and colours to create mini books. The topic could be "Animals" or "My Pictures/Photos", which may be pasted in the notebook.

If a birthday is coming up, you may let your child create birthday cards to give away and help write postcards or messages to a friend or a relative. A small slate and chalk can be used by your child to have fun writing numbers and letters and creating own artwork.

## Fun sheet 1

# Know your family

### Instructions:

Go and stand in front of a mirror. Recite the rhyme which is mentioned below:

**Mumma darling papa darling**

**I love you,**

**See your baby clapping just for you.**

**Mumma darling papa darling**

**I love you,**

**See your baby dancing just for you...**
